

# **NEFERTITI**

Nefertiti was a beauty,  
As history likes to tell.  
The wife of Akhenaten,  
She was Egypt's lovely belle.

No sons were ever born to her,  
Just daughters, six in all.  
And pictures of her always show,  
A crown so very tall.

She became a female pharaoh,  
A queen amongst the kings,  
Proving women long ago  
Could accomplish many things.
