

## TUTANKHAMUN'S SOUL

Tutankhamun was a boy-king  
Also called King Tut  
He wasn't all that famous  
At the time, he caused no fuss.

It was due to Howard Carter  
Who discovered where he lay  
That brought him all the fame  
That surrounds his name today.

The beliefs of ancient pharaohs  
On the dead was laid upon  
If their name was well remembered  
Their soul would then live on.

For this boy king, Tutankhamun  
Many millions know his name,  
Perhaps because he died so young  
Now his soul will live again.
